Quintessa winery was founded by Agustín and Valeria Huneeus in 1989, who acquired the pristine Napa Valley estate to create a distinctive expression of place through holistic, organic, and biodynamic farming practices. The estate is now part of Huneeus Vintners, the family's wine portfolio, which includes other notable wineries in California and Oregon.

Daniel's Miami is excited to welcome Antonia Huneeus, third-generation member of the renowned Huneeus winemaking family.
